

# CALL FOR APPLICATIONS

## AFRICAN CENTER OF EXCELLENCE ON CLIMATE CHANGE, THE BIODIVERSITY AND SUSTAINABLE AGRICULTURE (CEA-CCBAD): 2020-2024

The Félix Houphouët Boigny University is a higher education establishment whose objectives are higher education, research and service to the community. It houses the Center of Excellence on Climate Change, Biodiversity and Sustainable Agriculture (CEA-CCBAD) funded by the French Development Agency (AFD) as part of the ACE-Impact program of the World Bank .

The result of an institutional collaboration between IRD, AFD, the World Bank and the Association of African Universities (AUA), the ACE Partner project is part of the ACE-IMPACT regional funding program.

To create and ensure the sustainability of interactions between the members of the "Sustainable Water Management" network, CEA-CCBAD is launching a doctoral grant to study the environmental, socio-economic and health profile related to the development of the hydroelectric dam " Sogrobo-Ahouaty "in the context of climate change in the Center-South region of Cote d'Ivoire

### ELIGIBILITY:

Candidates of all nationalities holding a Master 2 in Water and Environment or an equivalent diploma in the relevant disciplines (Biological Sciences, Biotechnology, Bioresources, Biosafety, Sanitation, Ecological Sciences, Life Engineering, Climate and Interaction, Sustainable Agriculture ...) Can submit an application.

The successful candidate will receive a grant that will cover the requirements of the doctorate. (Grant - Registration - Research allowance - Mobility costs, etc.).

Online application:

[www.recrutement.wascal-ci.org](http://www.recrutement.wascal-ci.org)
